The results of this survey will be used to make positive changes in the way the college operates and serves students.

Your comments and feedback are encouraged and help us improve. (copied from survey written by student)

*I feel that classes should be at different times

*I work full time. The testing center wasn't open enough at night.

*Thank you to UAC for helping me find my career that I wanted, and also one that I love. UAC also helped me with a lot of opportunities and helped me accomplish my career goals. I highly recommend UAC future students.

*This is a great school to attend although if I could make any changes I would change the way problems are handled. I feel like there is not enough communication in the college.

*The business department was very good to me. My advisor always helped me when I needed help. The business area at CCCUA is doing very well.

*Great staff and help with whatever you need. Could use better computers and projectors in some rooms.

*Overall was very pleased with this college.

Graduate Survey Spring 2016

*All instructors were very understanding and also friend-like out of the classroom.

I have enjoyed my experience at UAC and I'm going to miss the students and faculty

*The ERC was very helpful while I was doing my studies. They showed me many things and were always willing to help me when I needed it.

The staff was knowledgeable in many subjects and areas. They were also courteous and always took the time to help me out.

*Would of loved to see the student organizations more involved in the Nashville campus. I think that they should not be exclusive of the DeQueen campus and that they should give us the students on the other campuses the chance to be a part of them. I contacted one of the organizations and only got them to contact me once. A big let down since I wanted to be a part of it.

*Did not know there was a job search assistance available.

*A couple times I had to schedule another class because not enough students signed up for them. Great classes and teachers!

*I have been satisfied with my experience at Cossatot. I look forward to using your services again as I earn my associates for Accounting and Business Management Degrees.

*Everyone was nice and very helpful. The school could have more activities to help students feel more involved.

*I'm a student at Nashville campus and while I understand why AV classrooms are used, I wasn't a fan of them. The absence of a teacher allowed for some students to be rude and disruptive, making it hard to focus. This is just a minor complaint I have, and overall feel this is a good school. The staff and teachers were friendly and very helpful.

* Longer testing center hours for working adults. More financial aid options like student loans.

*The college has helped me tremendously from the start and was the best two years spend on my education. Although the Arkansas Lottery cut severely hurt me in paying for college ON TIME, but still helped. I couldn't get scholarships by making into financial because of my ethnicity and socioeconomic status. I feel like they need to make more scholarships available to students of my status and financial situation.
