*It's been a very interesting journey! Thank you all for everything you've helped me with these last four years. It really means a lot to me!!

*Well, there are some things in life that I don't know much about. I do know, however, that if UAC would start acknowledging God in everything they say and do that God would bless them tremendously. I just think that some students need a godly example set before them on campus as well as in every classroom. I believe that we're only going to experience the best success in our lives only if we put God first in our lives and keep him there! Thanks and God bless!

*I am really impressed by the availability of my teachers, advisors and the staff! I've always gotten help when needed. I only wish more scholarships were available for people, as I'm never able to qualify.

*Current boss has promised a raise after graduation

*I think everything was great, but I think the college needs to help transfer students on where they want to go. If they did that, then I didn't notice.

*I think that the technical programs need more classes offered. It is difficult to fill your schedule to graduate on time with the current setup.

*UAC was very welcoming and being close to home really helped.

*I had a great experience in this college and I always felt accepted and understood. Everyone, including instructors and administrative staff helped me to succeed.

*UAC is great! I loved every experience I had there from the beginning to the end. I love that they try to do anything and everything they can over the years. Thank you!

*Through my 2 1/2 years at Cossatot I have enjoyed the opportunity to grow as an adult. The LPN teaching facility are excellent. However, I did not find my advisor available when I might need her advice. I would email her and not get a response back from her. I just started referring to my teachers.

*I enjoyed my time here and I feel that everyone that I encountered in the class and on staff was very helpful. I'm so thankful for the experience here.

*Loved attending UAC everyone is helpful. I feel it is the best place for an affordable, high quality education.

*I feel like there should have been more on campus activities or wish more people were motivated to be involved. I have seen other community colleges that have more events for students to attend and do.

*My advisor seems very nice, but everytime I would contact her to make an advising appointment, she would take a week or more to get back to me. Sometimes that would be after a deadline or even after more than one email. Olivia Webb was a lot of help though. When I couldn't make an appointment with my advisor and had something I needed to discuss, she was always extremely helpful.

*Grover Hill is a lot of help.
