GENERAL INFORMATION

Physical Therapy is a field dedicated to improvement of function and is one of the fastest growing career fields in the United States. The Physical Therapist Assistant (PTA), under the supervision of a Physical Therapist, provides rehabilitative services to individuals with orthopedic, neurologic, medically complex, and developmental conditions. The Physical Therapist Assistant (PTA) Program at UA Cossatot combines classroom instruction with clinical experiences. The program consists of two portions of which include the general education core courses and the PTA technical program courses. Students successfully completing the PTA program are awarded an Associate of Applied Science degree (AAS).

The PTA program is limited to 16 students each year. UA Cossatot and the Physical Therapist Assistant Program will not discriminate on the basis of sex, race, color, national origin, religion, disability, or age in the selection of students to the PTA Program. Students not accepted into the upcoming class are encouraged to re-apply prior to the application deadline. Note that a felony conviction may affect a graduate's ability to sit for the National Physical Therapy Examination or attain state licensure.
