**PROGRAM INFORMATION:** This program is Automotive Service Excellence (ASE) certified through National Automotive Technician Education Foundation (NATEF). Certificates of Proficiency are designed to prepare the student to enter the workforce, proficient in specific skills, trained by NATEF standards under ASE certification.

**CAREER OPTIONS:** This program is designed to prepare the student for employment in the field of automotive technology and encourage them to become entrepreneurs. The automotive technical skills learned in this program are transferrable to aeronautical, military, and engineering service fields. Students are strongly encouraged to complete the Associate of Applied Science in Skilled and Technical Sciences.
