

Academic Clemency Request

Students may request to have previously earned grades and credits removed from the calculations of their cumulative grade point average. If granted, forgiven credits will not count towards graduation but will remain on the comprehensive academic record and transcript.

Factors to Qualify:

- I have not been enrolled in any institution of higher education for at least three years prior to request
- I will submit this petition upon application or enrollment. *Clemency will not take effect unless the student completes the next 12 semester hours with a 2.0 G.P.A.*
- I will provide all admission documentation and resolve any outstanding debt to UA Cossatot prior to petitioning for academic clemency.

Please note additional documentation may be requested.
