## **Registration/Refund Policy**

Registration is not complete until all admission requirements are met. Registrations are taken on a first-come, first-served basis.

Continuing Education courses are self-supporting and must generate sufficient enrollment to pay the cost of instruction. If enrollment is not sufficient or courses are cancelled for any other reason, a full refund (100%) of registration fees will be issued. UA Cossatot reserves the right to reschedule, cancel, and appoint an alternate instructor for all classes.

A full refund (100%) of the course fee will be issued if the office of Continuing Education is notified of a student withdrawal prior to the registration deadline. Originally publicized registration deadlines must be honored. Sorry, extended registration deadlines do not apply.

## **Attendance Policy**

This is a fast-pace intensive course and students are expected to be present for each class. Students are required to be prompt and attend every class. Students enrolled in the Truck Driver Training Program must participate in the 160 hour training program in its entirety. Consequently, students that fail to attend a training session(s) will not receive a certificate of completion for the training course. It is imperative that you understand this requirement. If you have life or health conditions that might hinder attendance, you may wish to delay application until a strong commitment to attendance can be made.

**If an emergency situation arises, students must call Continuing Education Services as early as possible prior to the start of class to make arrangements to make-up missed instruction, at the convenience of the instructor. Any student who misses class for any reason is not guaranteed that they will be able to make up the work or successfully complete the course. Students that are absent from (1) or more sessions, without scheduling and /or attending make-up sessions, may be subject to expulsion from the program.**

If provision for supplemental training is requested and/or required in order to meet course requirements, the student shall be responsible for the costs incurred including payment of a classroom instructor hired by Continuing Education Services. In some cases, a supplemental instruction experience may be available only at a site distant from the student's home campus. Students are responsible for their own transportation and other associated costs should they accept these arrangements.

## **Commercial Driver's License**

Beginning May 18, 2015 all commercial driver's license (CDL) holders will be asked for proof they are a U.S. Citizen or a Permanent Resident at every renewal of their CDL or application for endorsement. The only acceptable documents will be one of the following:
